Project Name	Project – Web Phishing Detection
Maximum Marks	2 Marks

I am	I'm trying to	But	Because	Which makes me feel
small business owner	to provide a secure platform for many customers for online transactions	customers will not trust the websites easily	customers are easier targets for hackers	dejected
Customer	purchase products through e banking	sharing the details is not confidential	website is asking personal details like username , password and credit card details	insecure
Banking organisation	to increase security	a small mishap can cause huge loss to the organisation and loss of customers	There is increased risk of scammers creating similar website	ill repute
